## Accountability Development: 2007 and Beyond August 2006 - March 2007

# Membership <br> 2006 Educator Focus Group on Accountability 

Jana Anderson, San Angelo Independent School District, Director of Special Programs, ESC Region XV Mark Ayala, Clint Independent School District, Principal, Desert Hills Elementary, ESC Region XIX Charlotte Baker, Region III Education Service Center, Deputy Director for Programs and Services, ESC Region III
Frank Belcher, Canadian Independent School District, Superintendent, ESC Region XVI
Della Berlanga, Corpus Christi Independent School District, Coordinator of Counseling \& Guidance (K-12), ESC Region II
Judy Caskey, Region VIII Education Service Center, Director of Curriculum \& Instructional Technology, ESC Region VIII
M. Annette Cluff, The Varnett Charter School, Superintendent, ESC Region IV

Nabor F. Cortez, Jr., Edgewood Independent School District, Secondary Curriculum and Instruction Compliance Director, ESC Region XX
Anthony Edwards, Community Education Partners, Principal, ESC Region IV
Sylvia Garza, San Marcos Consolidated Independent School District, Assistant Superintendent for Teaching and Learning, ESC Region XIII
Valerie Haley, Port Arthur Independent School District, Teacher, Memorial High School, ESC Region V
Tom Harvey, La Vernia Independent School District, Superintendent, ESC Region XX, formerly of Sabine Pass Independent School District, Superintendent, ESC Region V
Benny P. Hernandez, Iraan-Sheffield Independent School District, Principal, Iraan-Sheffield Jr. High/High School, ESC Region XVIII

Francine Holland, Region XI Education Service Center, Deputy Executive Director for Instructional Services, ESC Region XI
Whitcomb Johnstone, Irving Independent School District, Director of Planning, Evaluation and Research, ESC Region X

Daniel King, Hidalgo Independent School District, Superintendent, ESC Region I
Michael Motheral, Sundown Independent School District, Superintendent, ESC Region XVII
Dawson Orr, Wichita Falls Independent School District, Superintendent, ESC Region IX
Anne Poplin, Region IX Education Service Center, Executive Director, ESC Region IX
Raymon Puente, Juvenile Justice Center, Director of Residential Services, ESC Region VI
Glory M. Rivera, Waco Independent School District, Teacher, Doris Miller Elementary School, ESC Region XII

Margaret Rohde, Harris County Juvenile Justice Charter School, Deputy Director, Education Services, ESC Region IV
David Splitek, Lackland Independent School District, Superintendent
Mike Strozeski, Richardson Independent School District, Assistant Superintendent, Accountability \& Technology

Travis Weatherspoon, La Marque Independent School District, Director of Testing, ESC Region IV Nola Wellman, Eanes Independent School District, Superintendent, ESC Region XIII

Ledessa White, Abilene Independent School District, Assistant Director of Elementary Education, ESC Region XIV
Mary Ann Whiteker, Hudson Independent School District, Superintendent, ESC Region VII

## 2006 Commissioner’s Accountability Advisory Committee

## School District / Regional Education Service Center Representatives

- Nadine Kujawa, Superintendent, Aldine ISD
- Cathy Bryce, Superintendent, Highland Park ISD
- Jesus Chavez, Superintendent, Round Rock ISD
- Pat Forgione, Superintendent, Austin ISD
- David Splitek, Superintendent, Lackland ISD
- Thomas Randle, Superintendent, Lamar CISD
- Adrain Johnson, Superintendent, La Marque ISD
- Mike Strozeski, Assistant Superintendent, Accountability and Technology, Richardson ISD
- Jim Scales, Deputy Superintendent, Dallas ISD
- Harlan Howell, Director of Research and Evaluation / Computer Services, Harlingen CISD
- Jill Shugart, Executive Director, Region X Education Service Center
- Tom Norris, Executive Director, Region XII Education Service Center
- James R. Vasquez, Executive Director, Region XIX Education Service Center

## Legislative Staff

- Todd Webster, Public Education Policy Director, Office of Governor Perry
- Ursula Parks, Public Education Team Manager, Legislative Budget Board
- Andrea Sheridan, Special Assistant for Education, Office of the Lieutenant Governor
- Harrison Keller, Special Assistant for Education, Office of the Speaker of the House
- Melissa Galligher, Special Assistant for Education, House Public Education Committee
- Von Byer, Committee Director, Senate Education Committee

## Other Representatives

- Johnny Veselka, Executive Director, Texas Association of School Administrators
- Jim Crow, Executive Director, Texas Association of School Boards
- John Stevens, Executive Director, Texas Business and Education Coalition
- Darv Winick, Winick Consultants
- Sandy Kress, Partner, Akin, Gump, Strauss, Hauer, and Feld
- Don McAdams, President, Center for Reform of School Systems
- Bill Hammond, President \& CEO, Texas Association of Business
- Jeri Stone, Executive Director / General Counsel, Texas Classroom Teachers Association

## GUIDING ACCOUNTABILITY PRINCIPLES AND GOALS

## Guiding Accountability Principles:

- Student Performance

The system is first and foremost designed to improve student performance;

- Recognition of Diversity

The system is fair and recognizes diversity among schools and students;

- System Stability

The system is stable and provides a realistic, practical timeline for measurement, data collection, planning, staff development, and reporting;

- Statutory Compliance

The system is designed to comply with statutory requirements;

- Appropriate Consequences

The system sets reasonable standards for adequacy, identifies and publicly recognizes high levels of performance and performance improvement, and identifies schools with inadequate performance and provides assistance;

- Local Program Flexibility

The system allows for flexibility in the design of programs to meet the individual needs of students;

- Local Responsibility

The system relies on local school districts to develop and implement local accountability systems that complement the state system; and

- Public's Right to Know

The system supports the public's right to know levels of student performance in each school district and on each campus.

## State Accountability Goals:

To improve the achievement of all students in the core subjects of the state curriculum.
To increase the number of students who earn a high school diploma.
To reduce the performance and high school completion gaps among student groups.

## PUBLIC EDUCATION MISSION, OBJECTIVES, AND GOALS (Texas Education Code § 4.001)

(a) The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and in the future in the social, economic, and educational opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family and that parental involvement in the school is essential for the maximum educational achievement of a child.
(b) The objectives of public education are:

OBJECTIVE 1: Parents will be full partners with educators in the education of their children.
OBJECTIVE 2: Students will be encouraged and challenged to meet their full educational potential.
OBJECTIVE 3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.
OBJECTIVE 4: A well-balanced and appropriate curriculum will be provided to all students.
OBJECTIVE 5: Educators will prepare students to be thoughtful, active citizens who have an appreciation for the basic values of our state and national heritage and who can understand and productively function in a free enterprise society.
OBJECTIVE 6: Qualified and highly effective personnel will be recruited, developed, and retained.
OBJECTIVE 7: The state's students will demonstrate exemplary performance in comparison to national and international standards.
OBJECTIVE 8: School campuses will maintain a safe and disciplined environment conducive to student learning.
OBJECTIVE 9: Educators will keep abreast of the development of creative and innovative techniques in instruction and administration using those techniques as appropriate to improve student learning.
OBJECTIVE 10: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration.

Added by Acts 1995, 74th Leg., ch. 260, § 1, eff. May 30, 1995. Amended by Acts 2003, 78th Leg., ch. 82, § 1, eff. Sept. 1, 2003.

## PUBLIC EDUCATION ACADEMIC GOALS (Texas Education Code, § 4.002)

To serve as a foundation for a well-balanced and appropriate education:
GOAL 1: The students in the public education system will demonstrate exemplary performance in the reading and writing of the English language.
GOAL 2: The students in the public education system will demonstrate exemplary performance in the understanding of mathematics.
GOAL 3: The students in the public education system will demonstrate exemplary performance in the understanding of science.
GOAL 4: The students in the public education system will demonstrate exemplary performance in the understanding of social studies.

Added by Acts 1995, 74th Leg., ch. 260, § 1, eff. May 30, 1995.

$\ddagger$ TAAS reading and mathematics was administered to grades $3-8$, and 10 ; TAAS writing was administered to grades 4,8 , and 10 . [English language]
( TAAS reading and mathematics was administered to grades $3-8$, and 10 ; TAAS witing was administered to grades 4,8 , and 10 ; TAAS social studies was administered to grade 8. [English language]

* The accountability subset includes only non-special education students.
* The accountability subset includes non-special education and special education students, and Spanish TAAS test takers in grades 3 \& 4, reading and mathematics.
$\gamma$ The accountability subset includes non-special education and special education students, and Spanish TAAS test takers in grades 3-6, reading, writing, and mathematics.
* The annual dropout rate Acceptable standard was $6.0 \%$ from 1994 through 2000. This standard was changed to $5.5 \%$ in 2001 and to $5.0 \%$ in 2002 .
* Attendance no longer used as a base indicator.
- The TAAS Acceptable standard for social studies is $50 \%$ and applies only to the All Students group in 2002.
x Social studies was first included in the accountability system in 2002; however, information is shown from 1995.

+ The TAKS accountability standards were held constant in 2004 and 2005 during the phase-in of the student passing standards. In 2004, the student passing standard was 1 standard error of measurement (SEM) below panel recommendation (PR) for grades 3-10 and 2 SEM below PR for grade 11. In 2005, the student passing standard was PR for grades $3-10$ and 1 SEM below PR for grade 11. In 2006, the student passing standard was PR for all grades. In this table, TAKS results are shown at the PR student passing standard for all years so the change calculations are based on the same student passing standards.
* Grade 8 science results are not included because they are not used in the 2006 accountability system.
* Gains/losses in performance from 2004-2006 are not comparable since the 2004 results are based on SDAA and results in 2005 and 2006 are based on SDAA II.
* Accountability ratings for 2004 and 2005 used Completion Rate II, not Completion Rate I; however, Completion Rate I results are shown for all years. Therefore, change calculations are based on comparable definitions.

Table 1.11

## Accountability System Features Linked to Student Success

- An understandable rating system
- Dual goals: raising standards and increasing student participation
- Institutional accountability and student accountability
- Campuses and districts held accountable
- A criterion-referenced state assessment program that is aligned to the state curriculum and assesses all students at specific grade levels
- All students held to the same standards

## Accountability System Features Linked to Student Success ${ }_{\text {(continued) }}$

- Indicator data disaggregated for specific student groups
- Realistic targets for increased standards
- A stable system with gradual increases in standards
- Continuous improvement and refinement of the system
- Advance notice of future rating standards
- Multiple indicators of performance and multiple rating levels

## Accountability System Features Linked to Student Success (continued)

- Performance reported against absolute and improvement standards
- Program diversity accommodated (alternative education / charter schools)
- Special circumstances accommodated (small numbers of students / student mobility)
- System safeguards for data integrity
- A fair appeals process
- Publicly released annual campus and district ratings

## Accountability System Features Linked to Student Success

- Public access to accountability information
- Positive and negative consequences for results
- Interventions target deficit areas
- A set of increasingly severe sanctions, applied as appropriate for specific district and campus circumstances

State Accountability Performance Standards
