**Senator José Menéndez Issues Statement on SCOTUS Overturning Roe v. Wade**

**San Antonio, Texas** - State Senator José Menéndez issued the following statement on the Supreme Court of the United States decision to overturn Roe v. Wade.

***Senator José Menéndez released the following statement:***

This morning the Supreme Court of the United States made the decision to overturn Roe v. Wade, the decision which allowed women access to medical care. Texas has taken the lead to ensure that those living in our State have no protection. Moreover, Justice Thomas' statements to review same-sex relationships, marriage, and access to contraception is deplorable.

Whether you are a child in a classroom, a trans-student, a member of the LGBTQ+ community, a person of color, or a woman, Texas leadership has shown time and time again that our lives are not a priority. This decision is a direct attack on anyone who can become pregnant.

For those who need assistance or questions on where to access medical care, please reach out to the following:
